

Anodizing Customized Laser Cutting Components Zinc Plating

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Color: Customized
- Thickness: 0.5mm-20mm
- Size: Customized
- Surface Treatment: Polishing, Zinc Plating, Anodizing, Etc.
- Material: Stainless Steel, Aluminum, Brass, Copper, Etc.
- Tolerance: $\pm 0.1\text{mm}$
- Lead Time: 7-15 Days
- Application: Machinery, Automotive, Electronics, Etc.
- Highlight: Customized Laser Cutting Components, Anodizing Laser Cutting Components

Product Description

Product Description:

Laser Cutting Parts are custom-made components and components for a wide range of industrial applications. Our laser cut elements are produced with high quality laser cutting technology and precision sizing. Our laser cutting sections are created with superior accuracy and detail, and they are highly durable and reliable for long-term use. Our laser cut components are designed to meet a variety of requirements, and they are available in a range of sizes and shapes. The minimum order quantity is one piece, and the packages can be customized, such as carton, wooden case, or pallet. The lead time of the processing is 7-15 days, and the processing method is laser cutting.

Features:

Product Name: Laser Cutting Parts

Processing Method: Laser Cutting

Surface Treatment: Polishing, Zinc Plating, Anodizing, Etc.

Tolerance: ± 0.1 mm

Shape: Customized

Size: Customized

Specialty: Laser Cut Sections, Laser Cut Pieces, Laser Cut Pieces, Laser Cut Parts

Technical Parameters:

Parameters	Details
Color	Customized
Shape	Customized
Size	Customized
Material	Stainless Steel, Aluminum, Brass, Copper, Etc.
Application	Machinery, Automotive, Electronics, Etc.
Lead Time	7-15 Days
Processing Method	Laser Cutting
Thickness	0.5mm-20mm
Surface Treatment	Polishing, Zinc Plating, Anodizing, Etc.
Package	Carton, Wooden Case, Pallet, Etc.

Applications:

Laser Cutting Parts: YWY111

YWY111 Laser Cutting Parts is a superior product for industrial applications, with its brand name of YWY and model number of YWY111. This product is manufactured using high-quality materials such as stainless steel, aluminum, brass, and copper, with a tolerance of ± 0.1 mm. It has a thickness of 0.5 mm to 20 mm and is available in different surface treatments such as polishing, zinc plating, anodizing, etc. The lead time for production and delivery is 7-15 days.

YWY111 Laser Cutting Parts are widely used in various industries and applications. It is ideal for automotive and aerospace manufacturing, as well as for precision engineering and medical device components. It is also great for creating intricate and complex shapes for architectural models and prototypes. It is perfect for creating everything from small, simple components to large and complex parts with precision. This product is perfect for creating intricate and complex shapes, as well as for providing superior performance and reliability.

YWY111 Laser Cutting Parts is a highly reliable and cost-effective product for industrial applications. It is perfect for creating intricate and complex shapes, as well as for providing superior performance and reliability. This product is ideal for creating everything from small, simple components to large and complex parts with precision. This product is perfect for creating intricate and complex shapes, as well as for providing superior performance and reliability.

Customization:

Our **Laser Cut Components** are customized according to your requirements. The **Laser Cutting Sections** are manufactured by **ywy** with model number **ywy 111**, and the place of origin is **Guangdong, Huizhou**. The tolerance is ± 0.1 mm and the lead time is 7-15 days. The size, color, and shape can be customized according to your needs. We also provide **Laser Cutting Components** for your convenience.

Support and Services:

We provide technical support and services for our Laser Cutting Parts products. Our team of experienced professionals are available to answer any technical and product-related queries you may have. We also provide installation and maintenance services for our products, as well as access to our online resources and troubleshooting tools.
