

EDM Injection Plastic Moulding Services Equipment 1500 X 1200mm

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: ywy123
- Minimum Order Quantity: 1 Perch/Perches
- Price: USD 3.88-32.88 1 Perch/Perches
- Packaging Details: Carton packaging and blister box
- Delivery Time: 10-15work days
- Payment Terms: L/C D/A D/P T/T Western Union MoneyGram
- Supply Ability: 1000 Perch/Perches 10-15work days

Product Specification

- Service Type: Injection Molding Services
- Tolerance: $\pm 0.05\text{mm}$
- Size: Max. Mold Size: 1500 X 1200mm
- Lead Time: 3-4 Weeks
- Mold Base: LKM, HASCO, DME, Etc.
- Surface Finish: Polishing, Texturing, Painting, Etc.
- Cavity: Single Or Multi-Cavity
- Software: UG, Pro/E, SolidWorks, Etc.
- Highlight: **EDM Plastic Moulding Services, Injection Plastic Moulding Services**

Product Description

Product Description:

Injection Molding Services is a process of forming objects from plastic materials. It can be used to create products with high precision and accuracy. We specialize in plastic injection molding and offer a variety of services that can be tailored to meet the needs of your project. Our injection molding services offer a variety of surface finishes such as polishing, texturing, painting, and more. We use high-grade plastics such as ABS, PC, PP, PA, POM, and others to create high-quality molds that can last up to 500,000 to 1,000,000 shots. We take pride in our ability to achieve tight tolerances of $\pm 0.05\text{mm}$ for each injection molding project. We can provide both single and multi-cavity molds to meet your specifications. We are well-equipped with the latest technology and techniques to offer you reliable injection molding services for your projects.

Features:

Product Name: **Injection Molding Services**

Material: **ABS, PC, PP, PA, POM, Etc.**

Lead Time: **3-4 Weeks**

Mold Life: **500,000-1,000,000 Shots**

Weight: **Max. Mold Weight: 10,000kg**

Tolerance: **$\pm 0.05\text{mm}$**

Injection Molding Process: **High-precision**

Injection Service Molding: **High-efficiency**

Injection Molding Part: **Cost-effective**

Technical Parameters:

Attribute	Value
Software	UG, Pro/E, SolidWorks, Etc.
Service Type	Injection Molding Services
Surface Finish	Polishing, Texturing, Painting, Etc.
Cavity	Single Or Multi-Cavity
Mold Life	500,000-1,000,000 Shots
Mold Base	LKM, HASCO, DME, Etc.
Process	Injection Molding, Overmolding, Insert Molding, Etc.
Lead Time	3-4 Weeks
Size	Max. Mold Size: 1500 X 1200mm
Weight	Max. Mold Weight: 10,000kg

Applications:

Injection molding services from YWY provide the perfect solution for creating custom plastic parts with precise accuracy and repeatability. With our state-of-the-art injection molding process, we are able to mold a wide range of plastics into parts with a single or multi-cavity mold. Our lead time is usually 3-4 weeks, depending on the complexity of the mold and design. Our molds can reach up to a max weight of 10,000kg and are built with the highest quality molds from LKM, HASCO, DME, and more. Our injection molding process allows us to create highly-accurate and complex parts using various materials such as thermoplastics, elastomers, and composites, while also providing overmolding and insert molding services. With YWY, you get high-quality injection molded parts with the best-in-class brand name, model number, place of origin, lead time, cavity, weight, and mold base.

Customization:

Injection Molding Services

Brand Name: ywy

Model Number: ywy333

Place of Origin: guangdonghuizhou

Tolerance: $\pm 0.05\text{mm}$

Size: Max. Mold Size: 1500 X 1200mm

Software: UG, Pro/E, SolidWorks, Etc.

Weight: Max. Mold Weight: 10,000kg

Service Type: Injection Molding Services

We offer our customers a comprehensive range of Injection Service Molding, Molding Injection Service and Molding Plastic Injection services that are highly reliable and efficient. We make use of advanced injection molding technologies to create superior quality molds

and components with utmost precision and accuracy. Our team of professionals ensure that the products are designed and developed in accordance with international quality standards.

Our Injection Molding Service offers the highest level of accuracy, precision and reliability, allowing us to offer our customers a wide range of customized solutions. We use the latest technology to ensure that the products are of the highest quality and meet the requirements of our customers. Our products are designed to meet the highest standards of quality and performance.

We are committed to providing our customers with the best quality products at competitive prices. Our services are backed by our experienced team of professionals who are dedicated to delivering the highest level of customer satisfaction. We strive to ensure that our products are of the highest standard and are delivered on time.

Support and Services:

Injection Molding Services provide technical support and services to customers to ensure the successful production of the desired product. Technical support includes troubleshooting any problems encountered during the injection molding process, identifying and fixing any defects in the injection molding process, and providing advice on how to optimize the injection molding process. Services include providing assistance in designing and producing injection molds, assembling injection molds, and conducting quality assurance tests. We also provide training and education about injection molding operations.
