

OEM CNC Machined Components Custom Aluminum Steel Brass Components

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- Tolerance: ± 0.01 mm
- Material: Aluminum, Steel, Brass, Etc.
- Size: Customized
- Quality Control: 100% Inspection Before Shipment
- Processing Method: CNC Machining, Turning, Milling, Etc.
- Application: Automotive, Aerospace, Medical, Etc.
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- OEM/ODM: Acceptable
- Highlight: **Custom OEM CNC machined Components, Aluminum CNC Machined Components**

Product Description:

Our CNC Machined Parts are produced using a variety of processing methods, including CNC machining, turning, milling, and more. This allows us to create parts that are highly precise and accurate, ensuring that they function flawlessly in any application.

We understand that every project is unique, which is why we offer a MOQ of just one piece. This allows us to provide our customers with the flexibility they need to get the parts they require for their specific application.

In addition to being customizable, our CNC Machined Parts are available in a wide range of sizes. Whether you need a small, intricate part or a larger, more complex component, we can create the perfect Numerically-controlled machining part for your needs.

To ensure that our CNC Machined Parts meet the highest standards of quality, we offer a variety of surface treatments, including anodizing, plating, painting, and more. These treatments not only improve the appearance of the parts but also provide added protection against wear and corrosion.

At our facility, we take quality control seriously. That's why we conduct 100% inspection of all our parts before shipment. This ensures that every part we produce meets our strict standards for quality and accuracy, giving our customers peace of mind and confidence in their purchase.

Features:

Product Name: CNC Machined Parts

Packaging: Standard Export Carton Or Customized

MOQ: 1 Piece

Lead Time: 7-15 Days

Quality Control: 100% Inspection Before Shipment

OEM/ODM: Acceptable

Features: Numerically-controlled machining parts, Computer-aided machining parts, Computerized machining parts

Technical Parameters:

Product Attribute	Technical Parameter
Product Name	Computerized machining parts, Computerized Numerical Cutting parts, Computer-aided machining parts
Material	Aluminum, Steel, Brass, Etc.
MOQ	1 Piece
OEM/ODM	Acceptable
Tolerance	± 0.01 mm
Drawing Format	PDF, DWG, IGS, STEP, Etc.
Size	Customized
Surface Treatment	Anodizing, Plating, Painting, Etc.
Delivery Method	DHL, FedEx, UPS, Etc.
Quality Control	100% Inspection Before Shipment
Processing Method	CNC Machining, Turning, Milling, Etc.

Applications:

The CNC machined parts can be used in a wide range of application occasions and scenarios. They are perfect for use in the automotive, aerospace, medical, and electronics industries. These parts are suitable for use in the manufacturing of engines, transmission systems, landing gears, and other critical components. The precision machined parts are also widely used in the production of high-end electronic devices such as smartphones, laptops, and tablets.

The CNC machined parts are made using a range of processing methods, including CNC machining, turning, milling, and more. The parts are manufactured using a variety of materials such as aluminum, steel, brass, and other high-quality alloys. The surface treatment of the parts includes anodizing, plating, painting, and other surface treatments that ensure the parts are resistant to wear and tear and have a long service life.

The CNC machined parts are available for both OEM and ODM orders, and are customizable to meet the specific needs of customers.

The minimum order quantity for these parts is 50 pieces, and the price ranges from \$2.35 to \$12.68 per piece. The parts are packed securely using EPE foam, anti-rust paper, stretch film, plastic bag, and cartons. The delivery time for the parts is 1 day, and the lead time is 7-15 days. The payment terms are flexible, and customers can choose the most convenient option for them.

With a supply ability of 1000000 pieces per month, Yuanwenyu is a reliable supplier of CNC machined parts. The products are of high quality, and the company has a team of experts who work to ensure that every part meets the required standards. Customers can place their orders online or through the company's sales team, who are always available to offer assistance and answer any questions that

customers may have.

Customization:

Our CNC Machined Parts are customizable to meet your specific needs. As a trusted brand in the industry, yuanwenyu offers high-quality Computerized machining parts, Computer-controlled machining parts, and Computer-Numerically-Controlled parts. Our model number options include 1X893 and OEM. All of our products are made in Guangdong, China and come with certification.

The minimum order quantity for our CNC Machined Parts is 50 pieces, with a price range of \$2.35 - \$12.68/piece. Our packaging details include EPE foam, Anti-Rust Paper, Stretch Film, Plastic bag +Carton. We offer fast delivery times, with a delivery time of 1 day and various delivery methods such as DHL, FedEx, UPS, etc.

Our payment terms are flexible to accommodate your needs, and we have a supply ability of 1000000 Piece/Pieces per Month. Our CNC Machined Parts are suitable for various applications such as Automotive, Aerospace, Medical, and more. We offer customized sizes and OEM/ODM services to meet your requirements. Our tolerance level is $\pm 0.01\text{mm}$ to ensure utmost precision.

Support and Services:

Our CNC Machined Parts product technical support and services include:

Assistance with installation and setup of the product

Training on how to operate and maintain the product

Troubleshooting and diagnosis of any issues

Repair and maintenance services

Customization options to meet specific requirements

Advice on optimizing performance and efficiency

Our team of experts is available to provide technical support and services for the CNC Machined Parts product to ensure that our customers are satisfied with their purchase and can get the most out of it.
