

Tolerance $\pm 0.01\text{mm}$ Customized CNC Stainless Steel Parts for Precision Machining Solutions

Our Product Introduction

For more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: guangdonghuizhou
- Brand Name: ywy
- Model Number: cnc303

Product Specification

- Package: Carton/Wooden Box
- Size: Customized
- Drawing Format: PDF/DWG/IGS/STP
- Surface Treatment: Polishing
- Application: Industrial Equipment
- OEM/ODM: Acceptable
- Processing Method: CNC Machining
- Tolerance: $\pm 0.01\text{mm}$
- Highlight: **Precision Machining CNC Stainless Steel Parts,
Customized CNC Stainless Steel Parts,
Stainless Steel CNC Machining Parts**

Product Description

Product Description:

All of our stainless steel fabricated parts go through a meticulous polishing process for a smooth and shiny finish, making them not only functional but visually appealing as well. Our attention to detail ensures that every product we produce meets the highest standards of quality. In addition, our 100% inspection policy ensures that you receive only the best and most reliable products. We understand the importance of timely delivery for your projects, which is why we offer flexible shipping options. We can ship your CNC stainless steel parts by sea, air, or express, depending on your specific needs. Our quick turnaround time of 7-15 days ensures that you receive your parts on time and that your project stays on schedule. Our CNC Stainless Steel Machining service offers a wide range of applications for industrial equipment. Whether you need custom gears, brackets, or other stainless steel parts, we can deliver. Our team has experience working with a variety of industries, including automotive, aerospace, and medical. No matter the complexity or size of your project, we can handle it. In summary, our CNC Stainless Steel Machining service offers precise and durable stainless steel fabricated parts with a smooth and shiny finish. With our 100% inspection policy, flexible shipping options, and quick turnaround time, we ensure that you receive only the highest quality products delivered on time. Contact us today to discuss your project and receive a quote.

Features:

Product Name: CNC Stainless Steel Parts
Material: Stainless Steel
OEM/ODM: Acceptable
Package: Carton/Wooden Box
Inspection: 100% Inspection
Size: Customized
Features:
High Quality Stainless Steel Part
CNC Stainless Steel Machining
Stainless Steel CNC Machining

Technical Parameters:

Product Attribute	Technical Parameters
Product Name	Stainless Steel Fabricated Part, High Quality Stainless Steel Part, Stainless Steel Machined Part
Tolerance	±0.01mm
Drawing Format	PDF/DWG/IGS/STP
OEM/ODM	Acceptable
Processing Method	CNC Machining
MOQ	1 Piece
Lead Time	7-15 Days
Inspection	100% Inspection
Surface Treatment	Polishing
Shipping	By Sea/Air/Express
Material	Stainless Steel

Applications:

These stainless steel precision parts are manufactured using CNC machining technology, ensuring that each component is produced with exceptional accuracy and quality. They are perfect for use in a wide range of applications, including automotive, aerospace, medical, and more.

The cnc303 is made in Guangdong Huizhou, a region known for its advanced manufacturing capabilities and skilled workforce. With a minimum order quantity of just one piece, you can easily test these components in your own application before ordering larger quantities. Each CNC stainless steel component undergoes a polishing treatment to ensure a smooth and flawless surface finish. This not only enhances the appearance of the component but also improves its resistance to corrosion and wear.

The size of the cnc303 can be customized to fit your specific needs, making it a versatile component that can be used in a wide range of applications. The package for these CNC stainless steel parts can be either a carton or wooden box, depending on your preference. So whether you need high-precision components for your automotive manufacturing process or require durable parts for your medical equipment, ywy's cnc303 CNC stainless steel parts are the perfect solution. With exceptional quality, customizable sizes, and a polished surface finish, these components are sure to meet your needs and exceed your expectations.

Customization:

Our brand, **ywy**, offers customization services for our CNC Stainless Steel Parts. The model number is **cnc303**, and it is made in **Guangdong Huizhou**. We accept both **OEM** and **ODM** orders with a minimum order quantity of **1 piece**. The processing method for this product is **CNC Machining**, ensuring precise and accurate production. We use high-quality **Stainless Steel** as the main material for this product. The lead time for production is approximately **7-15 days**. For customers who require unique specifications, we also provide customized services for this **Stainless Steel CNC Machined Part**. Our expert team can work with you to produce a **CNC Stainless Steel Machining** that meets your specific requirements.

Support and Services:

Our CNC Stainless Steel Parts are made with high precision and accuracy to ensure reliable performance in various applications. We offer technical support to help with any questions or issues you may have with the product. Our team of experts can provide assistance with installation, operation, and maintenance to ensure optimal performance and longevity of the parts. Additionally, we offer repair and replacement services for any damaged or malfunctioning parts. Contact us for more information on our technical support and services.

Packing and Shipping:

Product Packaging:

All CNC stainless steel parts will be carefully packed in bubble wrap to prevent any damage during transit.

The bubble-wrapped parts will then be placed in a sturdy cardboard box.

The box will be sealed with packing tape to ensure the parts do not fall out during shipping.

Shipping:

The CNC stainless steel parts will be shipped via a trusted courier service.

Customers will be provided with a tracking number so they can track the progress of their shipment.

Shipping times may vary depending on the destination, but we will do our best to ensure timely delivery of your order.

FAQ:

Q: What is the brand name of this product?

A: The brand name of this product is ywy.

Q: What is the model number of this product?

A: The model number of this product is cnc303.

Q: Where is this product manufactured?

A: This product is manufactured in guangdonghuizhou.

Q: What type of material is used to make this product?

A: This product is made of stainless steel.

Q: Is this product suitable for outdoor use?

A: Yes, this product is suitable for outdoor use as it is made of stainless steel which is resistant to weather and corrosion.
