

Customized Plating CNC Machined Parts For Aluminum / Steel / Brass

Our Product Introduction

for more products please visit us on precision-cncparts.com

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: yuanwenyu
- Certification: 1
- Model Number: 1X893, OEM
- Minimum Order Quantity: 50 pieces
- Price: \$2.35 - \$12.68/pieces
- Packaging Details: EPE foam/ Anti-Rust Paper/ Stretch Film/ Plastic bag +Carton
- Delivery Time: 1
- Payment Terms: 1
- Supply Ability: 1000000 Piece/Pieces per Month

Product Specification

- Size: Customized
- Quality Control: 100% Inspection Before Shipment
- Surface Treatment: Anodizing, Plating, Painting, Etc.
- Packaging: Standard Export Carton Or Customized
- MOQ: 10Piece
- Lead Time: 7-15 Days
- Material: Aluminum, Steel, Brass, Etc.
- Drawing Format: PDF, DWG, IGS, STEP, Etc.
- Highlight: Customized Plating CNC Machined Parts,
CNC Machined Parts For Aluminum,
CNC Machined Parts For Brass

Product Description

Product Description:

Our CNC machined parts are manufactured using advanced technology and equipment, which guarantees the highest level of precision. With our state-of-the-art machines, we can produce parts with a tolerance of $\pm 0.01\text{mm}$, ensuring that our products meet the exact specifications of our customers.

We offer a wide range of CNC machined parts that can be customized to meet the specific needs of our customers. We can produce parts in various sizes and shapes, and we can work with different materials, including aluminum, brass, copper, stainless steel, and more. We understand the importance of packaging when it comes to delivering precision components, and we offer both standard export carton and customized packaging options to ensure that our products arrive at their destination in perfect condition.

We also offer a variety of delivery methods, including DHL, FedEx, UPS, and more, to ensure that our customers receive their orders in a timely manner. Our team can also work with customers to determine the best delivery method for their specific needs.

Our CNC machined parts can be manufactured from a variety of drawing formats, including PDF, DWG, IGS, STEP, and more. This flexibility ensures that our customers can provide us with the necessary drawings in the format that is most convenient for them.

Our lead time is 7-15 days, which means that we can deliver CNC machined parts to our customers quickly and efficiently. We understand the importance of delivering products on time, and we work hard to ensure that our customers receive their orders when they need them.

In summary, our CNC machined parts are precision components that are manufactured using advanced technology and equipment. We offer a wide range of customization options to ensure that our customers receive the exact parts they need. Our packaging and delivery methods are designed to ensure that our products arrive at their destination in perfect condition and on time. Contact us today to learn more about our CNC machined parts and how we can help you meet your precision component needs.

Features:

Product Name: CNC Machined Parts

Quality Control: 100% Inspection Before Shipment

OEM/ODM: Acceptable

Material: Aluminum, Steel, Brass, Etc.

Tolerance: $\pm 0.01\text{mm}$

Lead Time: 7-15 Days

Our CNC Machined Parts are numerically-controlled machining parts that are manufactured using computer-aided manufacturing techniques. These CNC-manufactured components are subjected to 100% inspection before shipment to ensure the highest level of quality. We accept OEM/ODM orders and work with a wide range of materials including aluminum, steel, brass, and more. With a tolerance of $\pm 0.01\text{mm}$, our lead time for these parts is 7-15 days.

Technical Parameters:

Technical Parameter	Description
Surface Treatment	Anodizing, Plating, Painting, Etc.
OEM/ODM	Acceptable
Delivery Method	DHL, FedEx, UPS, Etc.
Packaging	Standard Export Carton Or Customized
Processing Method	CNC Machining, Turning, Milling, Etc.
Quality Control	100% Inspection Before Shipment
Lead Time	7-15 Days
Application	Automotive, Aerospace, Medical, Etc.
Drawing Format	PDF, DWG, IGS, STEP, Etc.
MOQ	10 Piece

Our company specializes in producing CNC-manufactured components, numerically-controlled machining parts, and computerized numerical cutting parts.

Applications:

Aerospace: Our precision CNC machined parts are critical components in the aerospace industry, used in everything from airplane engines to satellite components. Our parts are made with high-quality materials such as aluminum and steel, and we deliver them with a tolerance of $\pm 0.01\text{mm}$ to ensure they meet the strict standards of the industry.

Automotive: The automotive industry relies heavily on CNC machined parts to ensure the safety and reliability of their vehicles. Our CNC machined components are used in everything from car engines to brake systems, and we can provide custom solutions to meet the specific needs of each customer.

Medical: The medical industry demands the highest levels of precision and accuracy, and our CNC machined parts are up to the task. We can produce custom parts for medical devices and equipment, meeting the strictest standards for quality and reliability.

Electronics: Our CNC machined parts are used in a variety of electronic devices, from smartphones to computers and beyond. We can provide custom solutions for any application, with surface treatments such as anodizing, plating, and painting to meet the specific needs of each customer.

Regardless of the industry or application, Yuanwenyu's CNC machined parts are made with the highest quality materials and delivered with unparalleled precision and accuracy. Our products are available in a range of models, including the 1X893 and OEM, and are made in our state-of-the-art facilities in Guangdong, China. We offer fast delivery times, with DHL, FedEx, and UPS delivery methods available, and can accommodate both small and large orders with a minimum order quantity of 50 pieces. Our prices range from \$2.35 to \$12.68 per piece, depending on the specific product and order quantity, and we offer a range of packaging options including EPE foam, anti-rust paper, stretch film, and plastic bags with cartons. With a supply ability of 1 million pieces per month and certification to ensure the highest quality standards, Yuanwenyu is the go-to source for CNC machined parts.

Customization:

We package our CNC machined parts with EPE foam, anti-rust paper, stretch film, or plastic bags along with a standard export carton. We offer a delivery time of 1, and payment terms are flexible. Our supply ability is 1000000 Piece/Pieces per month, and we accept OEM/ODM customization.

Our CNC machined parts are made from high-quality materials such as aluminum, steel, brass, and more. These Computer-Numerically-Controlled parts have a tolerance of ± 0.01 mm, making them ideal for applications in the automotive, aerospace, medical, and other industries.

Support and Services:

Our CNC Machined Parts come with technical support and services to ensure optimal performance and customer satisfaction. Our team of experts is available to assist with any questions or concerns regarding the product, including installation, operation, and maintenance. We offer comprehensive training and education to ensure customers have the knowledge to operate the product safely and efficiently. In addition, we provide repair and replacement services to ensure minimal downtime in the event of any issues with the product.

Packing and Shipping:

Product Packaging:

Our CNC machined parts are packaged with great care to ensure their safety during shipping. Each part is securely wrapped in foam or bubble wrap and placed in a sturdy cardboard box. The box is then sealed with tape to prevent any movement or damage during transit.

Shipping:

We offer both domestic and international shipping options for our CNC machined parts. Our shipping partners are reliable and experienced in handling delicate and valuable items. We provide tracking information for all orders so you can keep an eye on your package as it makes its way to you.

FAQ:

Q: What is the brand name of the CNC Machined Parts?

A: The brand name of the CNC Machined Parts is yuanwenyu.

Q: What are the available models of the CNC Machined Parts?

A: The available models of the CNC Machined Parts are 1X893 and OEM.

Q: Where are the CNC Machined Parts manufactured?

A: The CNC Machined Parts are manufactured in Guangdong, China.

Q: Is there a minimum order quantity for the CNC Machined Parts?

A: Yes, the minimum order quantity for the CNC Machined Parts is 50 pieces.

Q: What is the price range of the CNC Machined Parts?

A: The price range of the CNC Machined Parts is from \$2.35 to \$12.68 per piece.

Q: How are the CNC Machined Parts packaged?

A: The CNC Machined Parts are packaged with EPE foam, Anti-Rust Paper, Stretch Film, Plastic bag, and then placed in a carton.

Q: What is the delivery time for the CNC Machined Parts?

A: The delivery time for the CNC Machined Parts is 1 day.

Q: What are the payment terms for the CNC Machined Parts?

A: The payment terms for the CNC Machined Parts are negotiable.

Q: What is the supply ability of the CNC Machined Parts?

A: The supply ability of the CNC Machined Parts is 1,000,000 pieces per month.
